

ProC Series Zoning Panels

| Model # | Description |
|-----------|---|
| ProC332J | 3 Zone. Expandable to 6 zones in same case. 3 Heat/ 2 Cool. Compatible with gas/electric, conventional heat pumps and dual fuel heat pumps. Plug and Play dampers. Optional plug-in wireless radio available for communication to wireless thermostats. |
| ProC332JP | 3 Zone. Expandable to 6 zones in same case. 3 Heat/ 2 Cool. Compatible with gas/electric, conventional heat pumps and dual fuel heat pumps. Plug and Play dampers. Programming Module on panel. Optional plug-in wireless radio available for communication to wireless thermostats. |
| ProC300JX | 3 Zone Expansion Panel for ProC332J or ProC332JP. Plug and play dampers. |
| ProC232J | 2 Zone. 3 Heat/ 2 Cool. Compatible with gas/electric, conventional heat pumps and dual fuel heat pumps. Plug and Play dampers. |

ProZone R Series is offered for RNC and retrofit applications. See the ProZone R Series brochure for more information.

Wireless Zoning Thermostats

| Model # | Description |
|---------|---|
| T200WZ | Battery operated, wireless zone thermostat. Use with ISMR2. |
| T500WZ | Battery operated, wireless touch zone thermostat. Use with ISMR2. |

Sensors and Accessories

| Model # | Description |
|---------|---|
| PS2 | Duct Pressure Sensor |
| TS2 | Supply Air Temperature Sensor |
| TS3 | Outdoor Air Temperature Sensor |
| PIC25 | 25-Foot Plug and Play Cable |
| PIC50 | 50-Foot Plug and Play Cable |
| SW01 | Vacant/Occupied Wall Switch |
| PDMi3 | Programming and Display Module Provided free to qualified contractors. |
| ISMR2 | Plug-in wireless radio |

5-Year Warranty

All products have a 5-year warranty, limited to the repair or replacement of the product due to defective material or workmanship.

Prices FOB Laguna Hills, CA.

Plug and Play Round Damper

Can be used as zone damper or fresh air damper

| Model # | Size |
|------------|------------------|
| ProR80J-04 | 4" Round Damper |
| ProR80J-05 | 5" Round Damper |
| ProR80J-06 | 6" Round Damper |
| ProR80J-07 | 7" Round Damper |
| ProR80J-08 | 8" Round Damper |
| ProR80J-09 | 9" Round Damper |
| ProR80J-10 | 10" Round Damper |
| ProR80J-12 | 12" Round Damper |
| ProR80J-14 | 14" Round Damper |
| ProR80J-16 | 16" Round Damper |
| ProR80J-18 | 18" Round Damper |
| ProR80J-20 | 20" Round Damper |

Plug and Play Rectangular Damper

Can be used as zone damper or fresh air damper

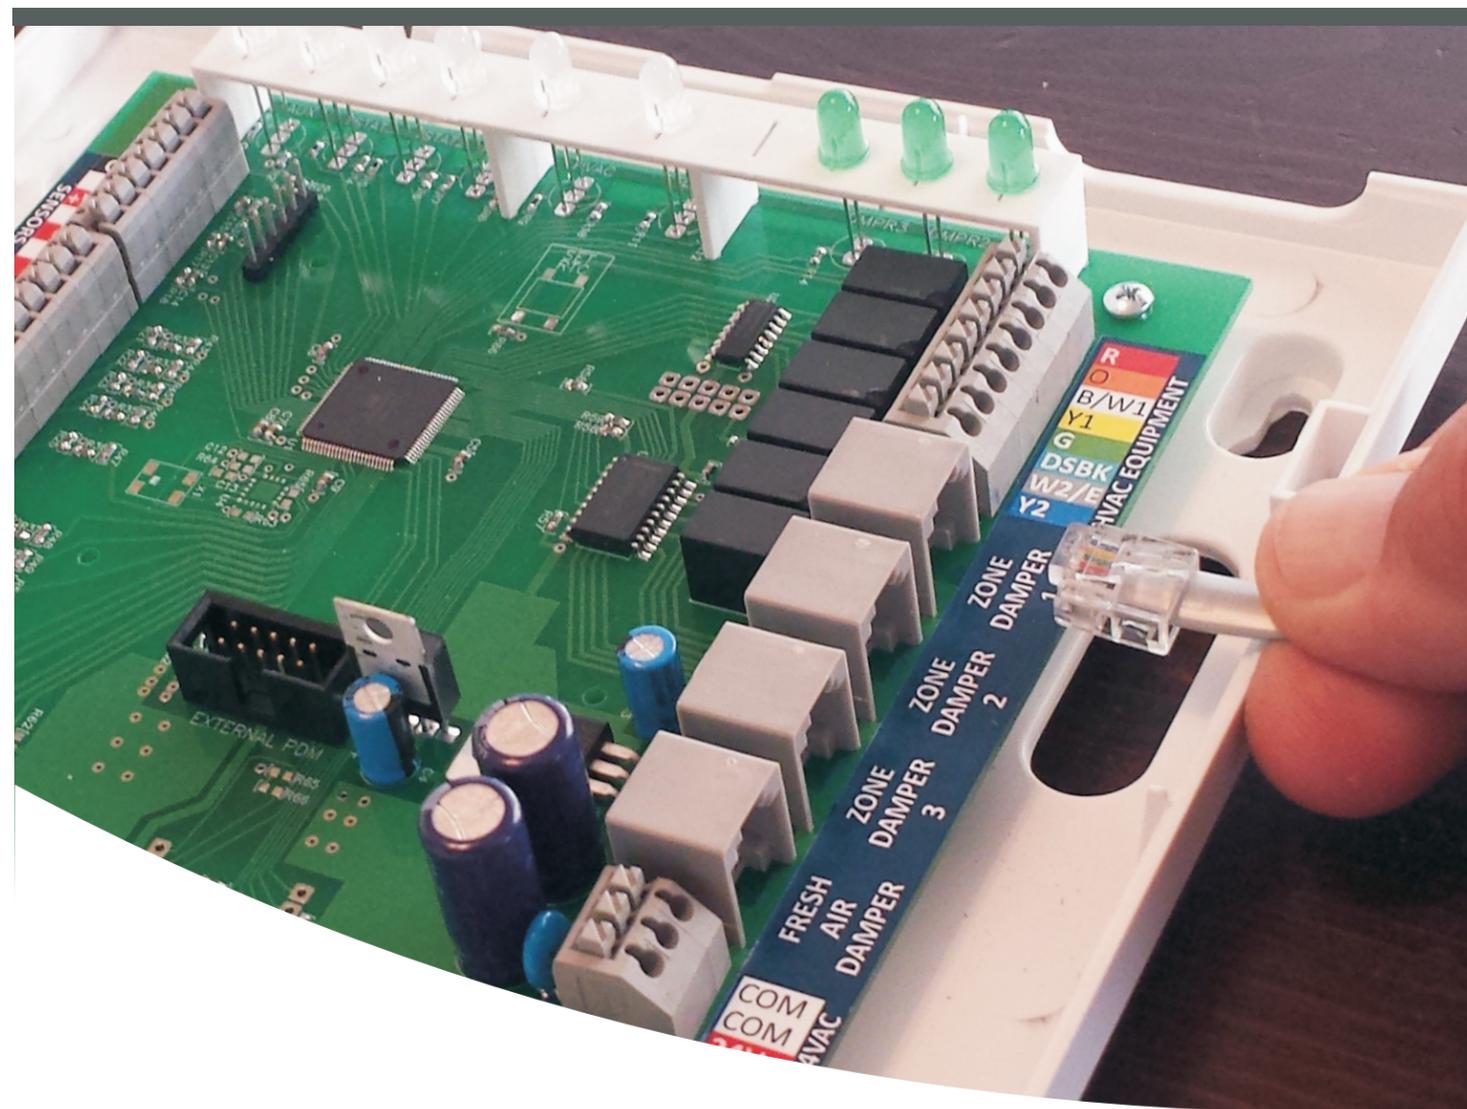

| Model # | Size |
|----------------|-----------------------------------|
| ProRT80J-XXxXX | Lengths 8" - 24" x Width 8" x 24" |

Round Mechanical Barometric Damper

| Model # | Size |
|-----------|------------------|
| ProBMR-08 | 8" Round Damper |
| ProBMR-09 | 9" Round Damper |
| ProBMR-10 | 10" Round Damper |
| ProBMR-12 | 12" Round Damper |
| ProBMR-14 | 14" Round Damper |
| ProBMR-16 | 16" Round Damper |
| ProBMR-18 | 18" Round Damper |
| ProBMR-20 | 20" Round Damper |

ProC Series Zoning Panels

**Custom Residential and
Light Commercial Applications**

Made in the USA

C Series Zoning Panels

ProZone C Series zoning panels offer a powerful solution at a competitive cost for custom residential and light commercial applications. Plug and play dampers, tutorial installation and cloning are just some of the features that make ProZone the contractor's choice.

Compatible Equipment - ALL panels are compatible with gas/electric, conventional heat pumps, and dual fuel heat pumps. No need to buy a more expensive panel for heat pump or dual fuel heat pumps.

Plug and Play - ALL panels feature connectors for plug and play dampers eliminating the time and errors associated with traditional wiring.

Programming Display Module - The handheld programming display module, PDMi3, is FREE to contractors and can be used on all panels to do the following:

- Walk the installer through the installation.
- Test installation to ensure the zoning system is working properly.
- Save panel configurations for cloning multiple panels.
- Select bypass options.
- Set advanced options.

The ProC332JP features the programming module on the panel. The contractor's name and telephone number can be entered into the module and displayed by the consumer using the Menu key. The information is displayed each year with the annual service message.

Fresh Air Control - ALL panels feature a built in fresh air controller meeting ASHRAE 62.2 and Title24. No need to buy a separate fresh air controller.

Wireless Thermostats - Communicate to wireless thermostats T200WZ and T500WZ using the ISMR2.

Zoning Dampers - Dampers feature a foam gasket sandwiched between two blades that provides an excellent air seal. Other manufacturers use a ½ inch weather seal on the damper shell that reduces the effective diameter by 1-inch. The damper uses our A80 actuator that has been tested to over 9 million cycles. Other manufacturers use the less reliable spring return style actuator.

Bypass Options - Use a traditional mechanical barometric damper. Or, set the closed position limit on each zone damper. Or, eliminate the cost of a bypass damper and constructing a bypass duct by bypassing to non-calling zones using the modulating zone dampers (depending on the installation).

Auxiliary Connector - The panel includes an auxiliary connector that can be used for fresh air control or whole house ventilation meeting ASHRAE 62.2 and Title 24.

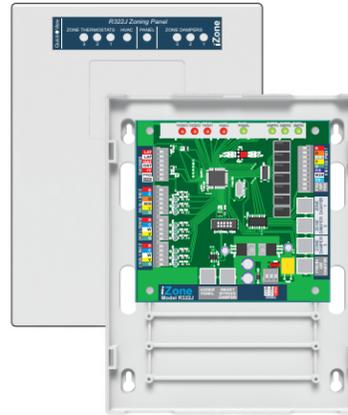

Professional Housing - The molded plastic housing has ample room for wiring with access at the top, bottom and back.

Zoning Panels for Custom Residential and Light Commercial Applications

ProC332J Zoning Panel

3-Zones, expandable to 6 zones • 3 Heat / 2 Cool Gas/electric, conventional heat pump and dual fuel heat pump equipment

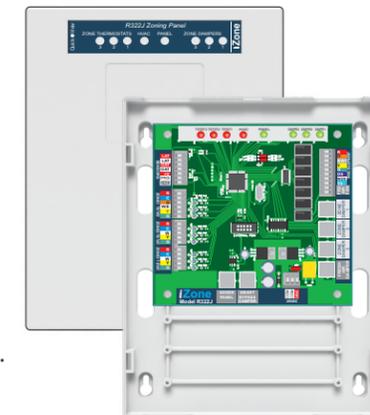

- Programmed using handheld PDMi3
- Plug and Play Dampers
- Guided installer set up
- Installation Test
- Clone multiple panels
- Fresh Air Control
- Bypass Options
- Optional plug-in wireless radio for wireless thermostat communication.

ProC332JP Zoning Panel

3 Zones, expandable to 6 zones • 3 Heat / 2 Cool Gas/electric, conventional heat pump and dual fuel heat pump equipment

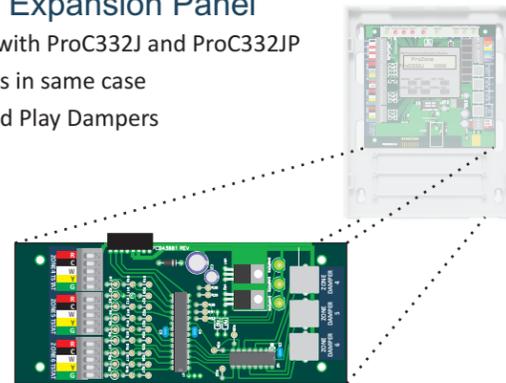

- Programming display on panel
- Plug and Play Dampers
- Guided installer set up
- Installation Test
- Clone multiple panels
- Fresh Air Control
- Bypass Options
- Optional plug-in wireless radio for wireless thermostat communication.

ProC300JX Zoning Panel

3-Zone Expansion Panel

- Works with ProC332J and ProC332JP
- Expands in same case
- Plug and Play Dampers

ProC232J Zoning Panel

2 Zones • 3 Heat / 2 Cool Gas/electric, conventional heat pump and dual fuel heat pump equipment

- Programmed using handheld PDMi3
- Plug and Play Dampers
- Guided installer set up
- Installation Test
- Clone multiple panels
- Fresh Air Control
- Bypass Options

Power of the PDMi3

- Guided Installer Set Up
- Installation Test
- Clone Multiple Panels
- Set Advanced Options
- Monitor Operations
