

Model ProR221J Zoning Panel

The ProR221J controls gas/electric systems and both conventional and dual fuel heat pumps. The panel includes a built in fresh air controller meeting ASHRAE 62-2 and Title24.

The ProR221J features out of the box operation, plug and play dampers, tutorial installation and cloning making the panel an economical and powerful solution for the RNC market and retrofit applications.

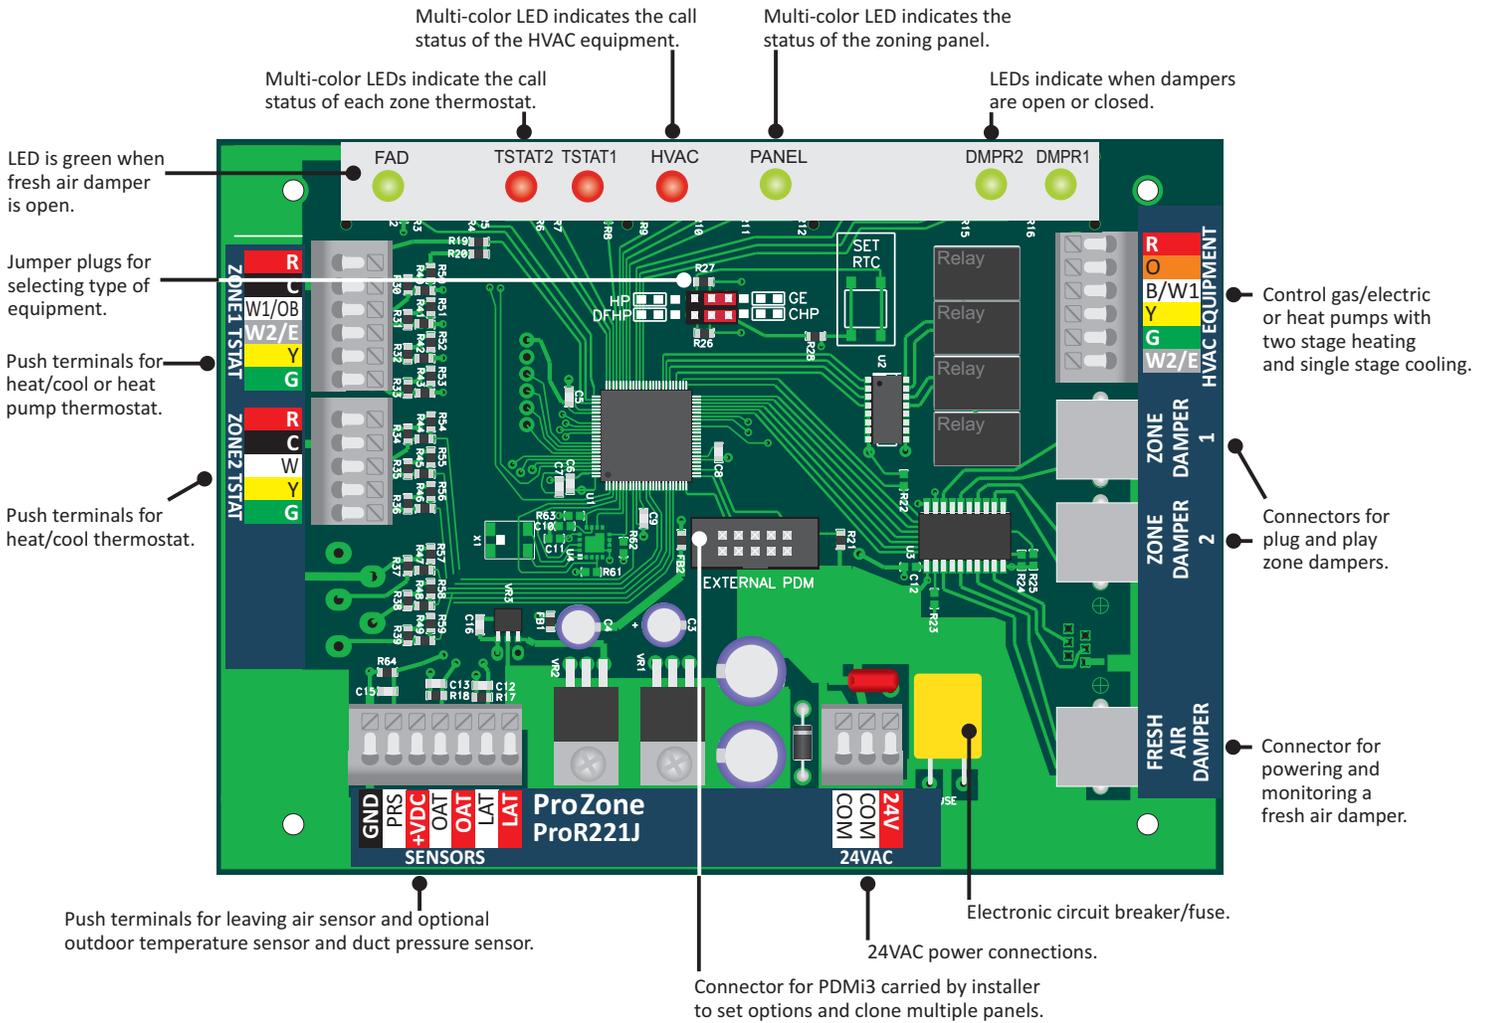

Made in the USA
